

User Agreement for Age Sage: The Mature Robo Analyst

Age Sage provides asset allocation models that investors or their financial advisers can choose to implement, modify, use in part or disregard as they see fit. Age Sage does not collect or evaluate personal financial information from investors, and does not render investment advice, whether personal or impersonal. As a provider of education and information, Age Sage is not a registered investment advisor and does not act as a fiduciary. Interested parties can view sample asset allocation models tied to a selected age and risk preference. Created by Ron Surz, who developed the patented Safe Landing Glide Path target date fund glide path used by his Target Date Solutions, Age Sage charges a nominal fee for its information.
