Target Date Solutions (“TDS”) is a wholly owned subsidiary of PPCA Inc. PPCA Inc is an Illinois Corporation with headquarters in San Clemente, CA. Independently-owned, PPCA is an SEC-registered investment adviser providing software, analysis, consulting, investment management and investment advisory services to institutions.

These materials are prepared for, and authorized for internal use by institutional investors, such as plan sponsors, trust and investment management companies, retirement plan consultants and advisors, and third party administrators. Target Date Solutions does not offer any services for the individual investor or retail market, and no information on this web site should be interpreted as suitable for individual investor consumption. For non-clients of the firm, TDS’s web site is limited to the dissemination of general information about investment strategies and theory, and about its investment advisory services. Target Date Solutions does not, and will not, effect or attempt to effect transactions in securities, or the rendering of investment advice for compensation, through this web site. These materials are current at the time of writing and may not be reproduced or distributed in whole or in part, for any purpose, without the express written consent of Target Date Solutions. These materials are not intended to constitute investment advice or an offer to sell, or the solicitation of an offer to purchase shares or other securities. Investors should always obtain and read an up-to-date investment services description or prospectus before deciding whether to appoint an investment manager or to invest in a fund. Any views expressed herein are those of the author(s), are based on available information, and are subject to change without notice.

Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that future performance of any specific investment, investment strategy (**including** the

investments and/or investment strategies recommended or undertaken by TDS) or product made reference to, directly or indirectly, by TDS on its web site, or indirectly via a link to an unaffiliated third party web site, will be profitable or equal the corresponding indicated performance level(s). Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment will either be suitable or profitable for a client or prospective client’s investment portfolio. Historical performance results for investment indices and/or categories often do not reflect the deduction of transaction and/or custodial charges, the deduction of an investment management fee, nor the impact of taxes, the incurrence of which would have the effect of decreasing historical performance results.

Each client and prospective client agrees, as a condition precedent to his/her/its access to TDS’s web site, to release and hold harmless TDS, its officers, directors, owners, employees and agents from any and all adverse consequences resulting from any of his/her/its actions and/or omissions which are independent of his/her/its receipt of personalized individual advice from TDS.
